

Project *Forward*

2021 MRHC Capital Campaign

Manning Regional Healthcare Center is committed to providing quality healthcare close to home, a tradition that began in 1927. Through this campaign, we will continue to evolve to meet the needs of current and future patients.

“Enhancing the patient experience, improving the quality of our services, and growing our ambulatory services are three of the key results we are committed to as an organization,” said MRHC CEO, Linn Block, RN, BSN, MHA. “This renovation will allow us to not only meet the needs of current patients, but will also prepare MRHC to be positioned to address future healthcare needs.”

Project Overview

Senior Life Solutions

- Improve quality of life for area seniors dealing with anxiety and depression
- Safely reconvene group therapy with dedicated space for services
- Keep people in their homes longer
- Keep healthcare services local

Local Impact

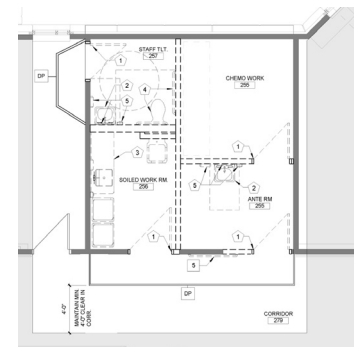

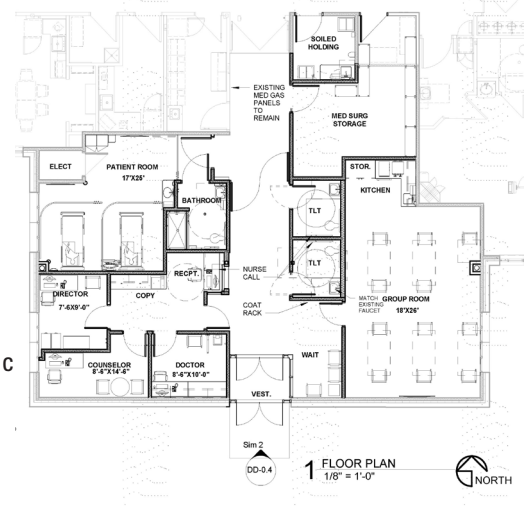

- 70 patients & families served since 2017
- Services increased by 14% during pandemic
- On average SLS has 345 visits/month

Pharmacy

- Meet regulatory requirements for mixing hazardous medications (USP 800)
- Negative pressure for safely unpacking totes
- Continue to offer infusions, chemotherapy and other hazardous medications

Patient Isolation Room

- Negative pressure room for air-borne illnesses
- 2-beds (increases isolation capacity to 3)
- Can be used as overflow patient room
