

Amounts Generally Billed (AGB)

Amounts Generally Billed represents the amount Manning Regional Healthcare Center (MRHC) usually charges for medically necessary services. MRHC uses the look back method to determine the amounts generally billed by multiplying the gross charges for such services by an AGB percentage, which is based on all claims allowed by Medicare and all private health insurers over a specified 12-month period, divided by the associated gross charges for the claims. MRHC's current AGB was calculated using the timeframe July 1, 2019 – June 30, 2020. The details of the AGB calculation can be seen below:

Total Charges	Claims Allowed	AGB %
16,032,913.55	11,655,707.11	73%
